Dear Media Representative,

with your signature you agree with the following conditions for accreditation:

1. Taking photos of Corinna, Gina and/or Mick Schumacher is solely allowed during their participation in the official competition and on the occasion of their attendance at the award or opening ceremony ("competition photos"). Before and after the official competition, such as during the warm up and cool down of the horses and during the so-called "vet-check", it is not allowed for you to take photos on the premises of the host.
2. The competition photos as defined in paragraph 1 may solely be used for editorial purposes in the context of media coverage of the competition and they may solely be published and distributed within this context. The photographer will inform his contractual partners explicitly about the restricted use.
3. Photos showing members of the Schumacher family which are offered to publishing and/or media companies for the purpose of publication, dissemination and public access must – at the same time – be transmitted to the management of Michael Schumacher at the attention of Sabine Kehm under sk@tms0.ch. Please state the names of the publishing and media companies to which the photos have been offered.
